ABOUT THE FLORA OF VIRGINIA PROJECT

- * The Foundation of the Flora of Virginia Project, Inc. is a nonprofit founded in 2001 and led by a volunteer board dedicated to conserving and sharing knowledge of Virginia's native plants.
- * *Flora of Virginia*, published in 2012, is THE technical guide to all plants in Virginia. It includes 3,200 species, 1,400 illustrations, and guidance for identifying each plant.
- * Why users love the Flora App
 - The entire *Flora* is portable and searchable without internet or cell connection
 - Data is organized and curated by Virginia botanists—not an AI search of the entire WWW
 - One-time purchase—free updates
 - County-level range maps
 - Custom, exportable lists
 - Ruler, hyperlinked botanical glossary, professional images, scientific illustrations, and more
- * The Flora serves professionals, educators, and nature enthusiasts as the most trusted guide to Virginia's plants.
